

*I saw a liberal post about abortion that seemed to incorporate the bible into supporting it. Does the bible support abortion?*

Abortion is murder (Ex 20:13). The bible does not support child-killing. In fact, it says that those who do hate God (Pr 8:36).

Life is precious to God. Men are “fearfully and wonderfully made” by him (Ps 139:14). God is not fearful; rather, David in Ps 139:14 seemed to be conveying the idea that as an artist takes care in the fine intricacies of his work to create something beautiful, God pays close attention when he knits one together in his mother’s womb (Ps 139:13). He cares about men made in his image (Ge 9:6).

Pro-aborts have changed their argument from a “woman’s right to choose” to “women’s health issues”. While no one opposes women being healthy; they show less concern for women in the womb.

Abortion mills do not support mothers in need. Planned Parenthood, for example, does not offer monograms as they claim. Those who are willing to murder innocent babies (Ex 23:7) are also willing to lie.

Planned Parenthood is in the business of killing babies—and make no mistake—it is a business. Planned Parenthood sells baby parts to the highest bidder. They have been recorded by men and women trying to rescue children being led to the slaughter (Pr 24:11b, ESV).

Choosing life is not a suggestion—it is a command (Deut 30:19). God will hold nations accountable who do not obey him (Is 66:6, 15–17). Laws come from God not man (1 Ti 1:8-10, Ac 5:29); and, he has said *do not murder* (Ex 20:13).

William Wilberforce worked tirelessly in his day to end slavery. Similarly, believers in the personhood movement today work to end child-killing—it is the battle of our time. Christians are called to speak for those who cannot speak (Pr 31:8, GWT). Dr. Seuss (Theodor Seuss Geisel) said it best: “A person’s a person, no matter how small.”
