

## *What is the Black Cube Saturn?*

Library of the Untold YouTube channel states:

“Saturn [is] ...associated with the black cube which has direct connection to the hexagon shape which is a 2D format of the cube...

...This has lead Saturn to be a leading role in astrology and mythology throughout the ages and even into this day is part of our pop culture.”<sup>1</sup>

In the Old Testament God forbade worship of the sun, the moon and the stars (Deut 4:19; 17:2–5) and in the New Testament He revealed his wrath on unrighteous men who would exchange his glory for idols (Ro 1:23).

John MacArthur wrote:

In the ancient Near East, the sun, moon, and stars were deified and worshiped. This astral worship entered Israel and Judah (2 Ki 21:5; 23:4, 5; Eze 8:15, 16; Am 5:26).<sup>2</sup>

Saturn is associated with the occult.<sup>3</sup> Satan attempts to pervert and invert a good thing (e.g. Jews use prayer boxes<sup>4</sup> on their forehead [Deut 6:8-9] showing devotion to God’s word).

Men today are encouraged to turn from idolatry. It is described as: irrational (Ac 17:29), degrading (Ro 1:22, 23), demonical (1 Co 10:20, 21), defiling (2 Co 6:15–18), enslaving (Ga 4:8, 9) and abominable (1 Pe 4:3).<sup>5</sup>
