

*Do Psalm 83 and Jeremiah 49 conflicts come before the Ezekiel war?*

A sequence of events involving Psalm 83 and Jeremiah 49 may precede the Ezekiel 38 invasion[1]. According to this view, Israel would first defeat a confederation of nations described in Psalm 83 and Jeremiah 49, leading to an expansion of Israel's borders and increased wealth. This scenario is then proposed to set the stage for the Ezekiel 38 invasion[1].
