

*Is Joyce Meyer's version of the Amplified Bible true?*

Joyce Meyer is a false word-faith, prosperity teacher (2 Pe 2:1). She refers to the Amplified Bible adding her own commentary. Her many notes are not helpful (Eph 4:14). Health and wealth heretics (He 13:9) do not teach the gospel of Jesus Christ (Gal 1:6-12).

Meyer has stated that the Bible is insufficient to reveal truth. The Bible says that all that we need to know for life and godliness is there for us in Scripture (2 Pe 1:3).
