

*If humans did not macroevolve then why are scientist saying we did evolve and why is this taught in schools?*

Satan lies (Jn 8:44) and unfortunately many are deceived (Re 12:9) by him (1 Jn 5:19).

Young earth creationists do not reject microevolution. Rather, they reject macroevolution.

God did what he said he did (Ge 1:1-3). He created the heavens and the earth (Ge vv. 1–10) and men in it (vv. 26, 27). By faith men understand this (He 11:3).

Others reject what is clearly seen (Ro 1:20) disrespecting their creator (v. 25). They suppress the truth in unrighteousness (vv. 18–19) refusing to worship their creator (v. 1:21).

Parents are responsible to raise and educate their children in the fear and admonition of the Lord (Pr 22:6).
