

What is cosmic Christianity?

Cosmic Christianity is a New Age, globalist movement which plans to lead adherents into a new world order.

Lee Penn writes:

Very often, spiritual seekers and those who desire political reform enter these movements with good intentions, and never have a reason to look inside the movement's closets for skeletons...

...The New Age movement is made up of those who follow a potpourri of beliefs and practices that fall outside the boundaries of the major traditional religions...

...Hillary Clinton has contacted the spirit of Eleanor Roosevelt under the guidance of Jean Houston - a New York-based avatar who runs a "Mystery School,"...These are the people who say, 'I'm spiritual, but not religious.'...

...Many New Age spiritual leaders have a firmly entrenched anti-Christian worldview....These New Age teachers expect an imminent, apocalyptic transformation that will lead humanity into the New Age. By acts of men or by an act of "spirit," earth will be cleansed of those who refuse to evolve. In the New Age, there will be world government; the economy will be remade to promote "sharing." Traditional morality and traditional families will disappear. Orthodox religions - especially Christianity and Judaism - are considered "separative" and "obsolete"; in the New Age, they...will vanish...

Helena Petrovna Blavatsky, Alice Bailey, Robert Muller, Barbara Marx Hubbard, Neale Donald Walsch, David Spangler and Matthew Fox are New Age cultists (2 Pe 2:1).

Jesus in their view is replaced with a "cosmic Christ"—a universal Christ referred to as "it" (1 Jn 4:2-3).

Penn continues:

...In the same way that the New Age teachers invert theology, they also invert morality....Walsch's god approves of sexual activity by children and teenagers, saying, 'In enlightened societies offspring are never discouraged, reprimanded, or 'corrected' when they begin to find early delight in the nature of their very being. ... Sexual functions are also seen and treated as totally natural, totally wonderful, and totally okay.'

...Barbara Marx Hubbard says, 'The break-up of the 20th century procreative family structure is a vital perturbation needed for the breakthrough of the 21st century cocreative family structure.' For the sake of the Divine Self, Neale Donald Walsch denounces fidelity and marriage vows: 'Betrayal of yourself in order not to betray another is Betrayal nonetheless. It is the Highest Betrayal.' Indeed, family members who won't move into the New Age should be left behind. Barbara Marx Hubbard says, 'But if members of our family choose to remain where they are, we have no moral obligation to suppress our own potential on their behalf. In fact the suppression of potential is more 'immoral' than growing beyond our biological relationships.'

...Barbara Marx Hubbard has predicted "personal extinction" for people who will not get with the New Age program.

“A Quantum Transformation is the time of selection of what evolves from what devolves. The species known as self-centered humanity will become extinct. The species known as whole-centered humanity will evolve.’...

Taken together, the works of Robert Muller, Barbara Marx Hubbard, Neale Donald Walsch, Alice Bailey, David Spangler, and Helena Blavatsky are an anti-Catechism: a revival of the Gnostic heresy, a comprehensive anti-Gospel, and a point-by-point inversion of Christian morality and doctrine. ...[T]hese writers make clear their intentions for us all - just as Hitler did with Mein Kampf and as the Communists have done since Marx and Lenin....

...The goals of the current crop of New Agers and utopians match what radicals have sought since the French Revolution.¹

New Agers deny essential Christian doctrine (e.g. the Fall (Ge 3:1–5); man’s sin nature (Jn 3:6); Satan’s works as evil (Is 14:12–14, Eph 5:16); God as creator (Is 40:28) and man his creation (Ge 1:26–28) and redemption in Christ (Jn 14:6, Ac 4:12, Eph 1:7).
