

*Why does God give people mental disorders? I have Bipolar Disorder. I've struggled with my entire life and OCD. I was also diagnosed with ADHD.*

All in the garden was "very good" (Ge 1:31); but, when Adam fell, all became bad (Ge 3:1-5, Ro 5:12-19); therefore; today, men unfortunately are born with or develop mental disorders.

Christ, the Great Physician, can heal mental illness (Lk 5:12-15).

The Bible says to seek first God's kingdom (Mt 6:33) and then all other needs will be met (He 13:5).

The Lord is willing to meet each person where they are (Ro 5:8, 19). He is able to turn them more into his likeness daily (2 Co 3:18). Christ followers are promised a sound mind (2 Ti 1:7).

The depths of God's wisdom prepare men to traverse in this world. His riches (Eph 3:18) are available to all (2 Pe 3:9). Only the Lord can calm one's: heart, soul and mind (Ps 23:2, Jer 31:3). He has words of life (Jn 6:68) which lead to life abundant (Jn 10:10).
